Recommendation: Ms. Alma Ziv Caspin

I hereby confirm that Ms. Caspin was a member of the language teaching staff at our center, serving as a Hebrew teacher for participants of the Rayyan Center for Academic and Vocational Training Program from the Arab Palestinian community in Israel.

We are certain that Ms. Caspin is exceptionally a professional teacher, in addition to her excellent and outstanding interpersonal relationships and her wonderful treatment of everyone she dealt with. Ms. Caspin managed to build relationships with participants from different backgrounds and educational levels. She also showed proven ability to motivate them and stimulate their desire to learn.

Ms. Caspin has high skills, the ability to listen, and the capability to be firm while also considering the feelings of others. Beyond her teaching abilities and professional talent, what stands out the most is the positive energy she radiates, which infects the other participants. Her level of investment, consistency, and personal commitment to the participants and her work, as well as her ability to connect with people, are remarkable.

Ms. Caspin ensured close and personal follow-up for all participants, greatly contributing to their ability to learn Hebrew smoothly. Her personality and style had the greatest impact on the participants' success and their desire to continue and persist in the courses.

Throughout all the courses Ms. Caspin taught, she ensured to provide an environment that respects and considers each participant, thus earning the respect of all participants.

We wish Ms. Alma success in all her endeavors. We are confident that it will be a fortune for everyone who will be privileged to be with her.
